

2019 Scout For Food Reporting

Thank you to all of our units for participating in the 2019 Scouting For Food initiative. We ask you to please take a moment to fill out the google form below. This data is used for tracking purposes of community service and Scout service hours as well as the amount of food collected.

Reporting

To report service hours to JTE, follow the instructions below. Every person and hour counts. Please be sure to use our link to report food collected directly to the council as we do not have access to that data through JTE, only your hours reported roll up to the council score.

Instructions

A special Thank You to Channel 5 WCVB TV for serving as this year's media sponsor, Cumberland Farms, Consigli Foundation, Sysco, and Century Bank for their sponsorship, as well as Mathworks for running a drive simultaneous to our annual event.
