

2020 Silver Beaver – Peter Lanciano

The Silver Beaver Award is the council-level distinguished service award of the Boy Scouts of America. The Silver Beaver is an award given to those who implement the Scouting program and perform community service through hard work, self-sacrifice, dedication, and many years of service. It is given to those who do not seek it.

We are extremely proud of our 2020 Silver Beaver Award recipients. They are shining examples of Scouting service in our council!

**Peter L.
Lanciano**

Peter is an avid outdoors person who enjoys the challenge of building things – whether they are companies, buildings, developing committees or crafting furniture. Without question Peter is up for most mechanical and personnel tasks of all sizes.

Peter has been involved in Scouting and Exploring for over 50 years. While he enjoyed his early years with Troop 333 in legacy Norumbega Council, he excelled in Exploring as president of the accounting Post 533 sponsored by Honeywell. Later on, after establishing his family, Peter served in

multiple roles with Troop 4 Milford for nearly two decades. Dad to three Eagle Scouts (Luke, Gabe, and Sam), Peter is especially proud that they exceeded his early Scouting accomplishments. Peter particularly enjoyed the numerous 50 plus mile backpacking and canoeing events with his sons and the troop.

In addition to serving on the Mayflower Council Executive Committee, Peter serves as co-chairperson of the future council capital campaign and a member of the properties and maintenance committee. An avid supporter of Nobscot Scout Reservation, he is a founding member of the Nobscot Alumni Association and provides extraordinary service with the Nobscot Hammer Crew. Peter doesn't just have a 'can-do' attitude – he has a 'let's go beyond' attitude. He provides a long-term vision for our volunteers and consistently sees needed work projects – then steps up to provide leadership to get it done. Peter alone is responsible for acquiring thousands of dollars in donations of materials for our camp. He is not content to sit on the sidelines, Peter installs cabin windows, rehabs cabin interiors, cuts firewood, grades parking lots (with his own tractor!), rebuilds lean-tos and so much more. For Peter, the bottom line is always what can we do to enhance the experience for kids.

In his professional life, Peter currently serves on two private life science board of directors – one as chairman and the other as chair of the audit committee. Peter is formerly the CEO and co-founder of two successful public life science companies and has over three decades of experience as the CEO in conceptualizing, developing, and financing international life science companies.

Peter has broad-based expertise in the area of corporate strategy and governance for public, private and non-profit companies as well as in-depth experience in product development, commercial launch, finance, mergers, acquisitions and asset sales. He is trained in accounting and computer

information systems design, Bentley University, CPA, CDP, CISA and NACD Fellow.

We are pleased by Peter's commitment to Scouting and that he chooses to lend his considerable expertise and talents to the Scouts and Scouters of Mayflower Council.
