

Lace up your Hiking Boots

Lace up your Hiking Boots for the BCT (Bay Circuit Trail)

What if there was a local hiking trail that travelled around the city of Boston, through some 37 local cities and towns offering natural beauty, historical interest and access to trail heads and trail segments using the MBTA and public transportation? A trail that is managed by a collaboration of private and public entities including the Appalachian Mountain Club and local town and city conservations departments.

Hiking, biking, cross country skiing and snow shoeing are all available on the trail. If that were the case, you would be describing the Bay Circuit Trail! The BCT is some 230 miles long, starting at the mouth of the Merrimack River and ending in Kingston Bay on the South Shore circling the city of Boston.

We are inviting all Mayflower Scout units to choose a trail segment either in their own hometown or a trail segment of their choice, so that all or units together will cover all 230 miles of the trail in a single day! Cub Scouts, Scout BSA and Venturers are all invited to participate. Trail segments can be assigned by hiking ability and length to accommodate the novice or the experienced hiker. We would ask that a photo be taken at both the start and the end of your hike as proof that you have completed your part of the trail. Scout units from other local councils are also cordially invited to join us on hike day. We are planning an ending celebration after all 230 miles have been completed. Did I mention that there will be a cool and unique patch made available to all registered hikers?

Hike day is planned for Saturday May 18th. Watch for a future registration link and additional detail as we get closer to hike day. Unit leaders include this in you units' activity planning, you will want to be part of this once in a lifetime opportunity!
