

Life-to-Eagle Presentation

Seminar

This year, 2021, the council advancement committee has committed to offering five Life-to-Eagle seminars.

These seminars are for educating our prospective Eagle Scouts to learn what needs to happen to advance to Eagle Scout. These seminars can also be incredibly helpful for Scoutmasters, Eagle coaches, advancement chairs, and committee chairs; and all districts are welcome to attend any of the presentations, the necessary information is the same for all districts, and we will touch on any small differences.

For those who attend, the slide show is available below for you to review at any time.
