Stay Safe Special Shoulder Patch

Join us in supporting our frontline workers! We have designed a special limited edition Mayflower Council shoulder patch. Only 250 have been ordered and we will not be reordering. We will be donating 50% of the raised proceeds to support our local hero's fighting the coronavirus. Each patch is only $20.00.

Pre-orders are being taken – order yours today before they are gone!

We have chosen to support Boston HealthCare for the Homeless (BHCHP) COVID program. We chose them because the homeless community was and is being hit hard by COVID. 1 in 3 homeless in Boston have had the virus. The population has unique and hard to manage needs. BHCHP has long performed outstanding service to this population with limited resources and under very difficult circumstances. They set up and ran COVID housing for homeless individuals with COVID, and managed all the health care issues outside the hospital, taking critical pressure off the hospital as we surged. They staffed Boston Hope at the convention center. They set up and ran 2 health tents in the city for homeless with COVID, and they handle(d) the health care needs across the cities shelters.
