

UPCOMING DISTRICT LEADERSHIP STRUCTURE CHANGES

Challenge:

Difficulty identifying adequate adult volunteers to fill key district positions – many district positions unfilled in Mayflower Council

Action taken: Last summer, committee determined best course of action is to move to a more council centralized support structure

Implementation team collecting information and identifying next steps in transition.

- **Roll-out plan being developed**
- **Step-wise transition through the 2024-2025 program year**
- **Council “Summit” meeting planned for Oct. 2024 – participation welcome**

Continued involvement of current leaders, and recruitment of others, will be a critical element as we move forward
