### Quick Notes

**District Committee Position-Specific Training is now online!** Starting this fall, you can now earn your “Trained” status online at <https://my.scouting.org>.

**Reminder: Youth Protection Training (YPT) is on a two-year cycle.** Our council follows the national standard. If you last took YPT in 2018, you’ll need to renew it in 2020.

**Hazardous Weather Training** is the only thing standing between many of our “direct contact” leaders and the “Trained” patch. (It shows up as SCO\_800 in unit training records.) It’s only available at <https://my.scouting.org>. The BSA has not authorized an in-person version.

### Kickoff for All Cub Leaders!

Join us in Franklin on 9/28 or Hingham on 10/26 for our Cub Scout Leader Training Festivals! This event includes training, resources to save you a trip to the office, and activities for youth while their parents get trained. Pre-registration is appreciated. Lunch is \$5; the rest is free!

#### Morning session (8:30-12:30):

- Position-specific training for your role (Den Leader, Cubmaster, or Committee Member). This is part of the requirements to earn the “Trained” patch. We’re following the new national curriculum, which requires a full four hours—similar to online, but more fun!
- A variety of 1-hour workshops for people who’ve already taken position-specific training. Register now to tell us what specific topics you’d like us to include!

#### Afternoon session (12:30-2:00):

- Supplemental position-specific training for anyone who took the morning session and wants to be covered for additional positions.
- Additional workshops on topics of interest.

### Making Sense of Training Records

We get a lot of questions about training records. Here are a few answers and tips:

- Every adult leader’s *official* training record is the BSA’s national database, called “ScoutNet.”
- <https://my.scouting.org> is the way to see your official training record. Log in with your account.
- If your unit uses “Scoutbook” software, your training record in Scoutbook will NOT automatically match the official ScoutNet database. The BSA says they’re working on making an automated connection eventually. Until then, update Scoutbook on your own.
- Your unit’s “key three” can view *and fix* records in My.Scouting for all leaders in the unit. They can also designate a few more people to have this access. Visit [https://filestore.scouting.org/filestore/idg/Security\\_Manager.pdf](https://filestore.scouting.org/filestore/idg/Security_Manager.pdf) for instructions on delegating access.

If you took a training course but it’s not showing up in your record, this could be happening for several reasons:

- Software glitch or multiple My.Scouting accounts
- Took training long ago, before there was a database
- Took training but it wasn’t entered into database
- Took training with another council who didn’t send us the records

A member of your unit “key three” can fix your record. Your district training chair can also help. Please show a copy of your training card or certificate to get credit.
