

Methods for Distributing Invitations to Join Cub Scouts

The Mayflower Council of the Boy Scouts of America desires to work in close cooperation with elementary and middle school administration for the benefit of our community youth, families and the schools that serve them. A vibrant Scouting program teaches the ethics embodied in the Scout Oath and Law, leadership skills, and an appreciation for nature. Cub Scout packs and Scouts BSA troops perform many service projects benefitting community schools, from trash pickups, to supervised facilities improvements, to Eagle projects. We'd like to understand what membership invitation distribution methods are approved for your school. Thank you in advance for your time and support of Scouting.

School Name: _____

Completed By: _____
